

**March 11, 2024**

**Waterjet Operator**

**Salary Range: \$21.00 - \$22.00/hour**

**2<sup>nd</sup> Shift, current working hours Monday – Thursday 4:30 pm – 2:00 am**

**Rich benefit package, paid days off, holidays, 401(k)**

**Who We Are: An Award-Winning Team**

[AVANTech, LLC](#) solves some of the most challenging problems in the water industry – from being first responders to the [Fukushima Nuclear Plant](#) meltdown to implementing patented first-of-its-kind technology. Our projects include industrial water recycling and cleaning up legacy cold war wastewater at government sites. AVANTech’s goal is to improve the environment around us and support our clients with innovative sustainable water treatment solutions.

**Benefits of Working at AVANTech:**

- Generous paid time off and holidays
- Various insurance offerings with employer matching
- 401(k) savings plan with employer match

**Who You Are:**

We are searching for an individual with experience as a **Waterjet Operator** to join our team in **Columbia, South Carolina**. The successful **Waterjet Operator** will prepare production equipment for operation by making equipment setup adjustments and assisting with equipment changeovers.

**A Day in the Life:**

- Maintains machine operation by solving production process problems; reporting production and quality data; reporting decisions made; referring questions to the supervisor.
- Ensures operation of equipment by following preventive maintenance policies and procedures; reporting needed changes and repairs as needed.
- The Waterjet Operator must have ability to read orders, blueprints, and mill schedules to determine setup specifications, work sequences, product dimensions, and installation procedures.
- The ability to ensure work is done safely and meets quality standards is critical.

**Qualifications:**

- Minimum 2 years of waterjet experience required.
- Attention to detail.
- Ability to identify and resolve problems quickly.
- Responsiveness and adaptability to changes in the work environment.
- Solid math skills and knowledge of sophisticated measuring and testing equipment.
- Must understand pneumatic and hydraulic systems as they relate to fixtures and machines.

**Requirements**

- High school diploma or equivalent. Additional education preferred.
- Manufacturing environment experience preferred.
- Requires lifting to 50 lbs., sitting for extended periods, standing for extended periods of time, reading, and walking.
- Ability to work with multiple priorities.
- All candidates must be able to pass drug test, pre-employment physical, and possible background investigation.

Job Type: Full-time, hourly, non-exempt

Wage Range: \$21.00-\$22.00/hour, based on experience, skill level, and certifications

Working Hours: Monday – Thursday, 4:30 pm – 2:00 am
